A screenshot of the 'Registration Form' on the website. The header is identical to the other pages. The main section has a title 'Registration Form' over a background image of a beach. Below the title, there is a 'customer Information' section with four input fields: 'Name*', 'Email Address*', 'Address*', and 'City*'. A 'WaterCounter' widget shows the number 97. A 'Activate Windows' watermark is visible in the bottom right corner.
